

Fairmont Brass Mini Hex Mosaic

Item # MT-FBMH

DESCRIPTION

Created exclusively for Realstone by renowned designer Erin Adams, the Marmos collection is designed to work together across various surfaces within a space. The pieces in each collection vary in size, shape, and texture but are all made from the same marble so they can be paired together seamlessly in beautiful combinations.

The Fairmont Brass Mini Hex Mosaic pairs small brass-finished hex tiles with polished white marble tiles for a modern edge to a classic look. Each tile mosaic comes on a 12"x 11.42" sheet.

The tile sheets are composed of white and grey marble tiles and metallic pieces which are made with a layer of stainless steel with a durable brass-colored finish.

Available at select dealers only. For samples and more information email sales@realstone.com

Not tested for Freeze-Thaw environments.
