

Fairmont Brass Subway Mosaic

Item # MT-FBS

DESCRIPTION

Created exclusively for Realstone by renowned designer Erin Adams, the Marmos collection is designed to work together across various surfaces within a space. The pieces in each collection vary in size, shape, and texture but are all made from the same marble so they can be paired together seamlessly in beautiful combinations.

The Fairmont Brass Subway tiles pair brass pieces with polished white marble for a modern edge to a classic look. Over time the brass will age and take on a sought-after patina. Each tile mosaic comes on a 12.05"x12.44" sheet.

Available at select dealers only. For samples and more information email sales@realstone.com

Not tested for Freeze-Thaw environments.
